

ERGO ELITE

VIZIX® LOUPES

Prescription-friendly telescopes and carrier lens to create a precision fit unique to your eyes

Every frame comes with a magnetic adapter to securely hold a light or camera

All-glass telescopes lenses for high quality optical resolution

Built with aluminum housings for easy cleaning and greater durability

LIGHTWEIGHT AND ERGONOMIC:

The Enova **Vizix® Ergo Elite** Prismatic Loupe is the ultimate accessory to enhance your practice. Modern engineering, found in Enova Vizix® Loupes, places the telescope lower on the carrier lens for a greater range of vision. When used properly, in the right setting, it will help decrease fatigue and pain associated with repetitive cervical spine movement. The Ergo Elite is available in 3.5x, 4.5x and 5.5x! All carrier frames have been hand-selected by experts for ergonomics, comfort, and durability. Select from Enova's Airon® family of frames for a stylish presentation.

GREATER RANGE OF VISION

Strategically placed telescopes provide an expansive range of vision, allowing you to easily work around equipment without having to take off your loupes.

LIGHTER & MORE COMPACT

Telescope is designed to be lightweight, without sacrificing technology that supports decreasing stress on your neck, shoulders, and lower back for long-term body health.

FUNCTIONAL FRAMES

Enova frames provide the complete package: modern style and superior durability. Comfort, ergonomics, and functionality are all seamlessly integrated into an attractive design.
